Voting Date	2021-05-05
Borrower	BOUYGUES TELECOM SA
Sectors	Communications
Investment Type(s)	Loan
Investment Amount (USD)	\$ 394.56 million
Project Cost (USD)	\$ 824.06 million

Project Description

DESCRIPTION

According to the bank website, the project relates to the first phase of the deployment of a new 5G network in France, as well as the coverage expansion of 4G services in rural areas to mitigate the country's digital divide.

The project supports the development of the French 5G mobile infrastructure enabling ultra-fast data transfer through this very high capacity network, and it is fully in line with the targets set out by the 5G for Europe Action Plan. Furthermore the project contributes directly to the EU broadband targets for 2025 presented in "Connectivity for a Competitive Digital Single Market - Towards a European Gigabit Society," which states that by 2025 all urban areas, as well as major roads and railways, should have uninterrupted 5G wireless broadband coverage, starting with fully-fledged commercial service in at least one major city in each EU member state already by 2020.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:

<http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
