Project Description

According to the bank website, the project comprises the design, construction, renovation and restoration of a number of buildings. The project components are mostly located within the university's estate in the city of Bologna, but there are also investments in Ravenna, Cesena and Imola.

The project comprises the second phase of the university's strategic investment plan, called "Next Generation Bologna" following the previously financed investment plan "Next Stop Bologna." The investments comprise renovations to existing academic buildings, the renovation of part of a train station to create student accommodation, construction of new facilities for the departments of biomedicine, psychology and additional student accommodation plus transversal investments to improve accessibility and other energy efficiency measures across the university's estate. The project investments will be predominantly located in Bologna with some investment components taking place in Ravenna, Cesena and Imola.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
