## Project Description

According to the project documents, this project will provide funding (monetisation of grants by donor countries) to GAVI to support its COVID-19 immunisation campaigns and related activities, notably in low- and middle-income countries (LMICs). The project mainly concerns investments that are expected to be carried out in existing facilities of the COVAX pipeline companies, or other manufacturing centres already authorised for the same purpose. The compliance with the Environmental Impact Assessment (EIA) Directive 2011/92/EU as amended by Directive 2014/52/EU and the Habitats Directive (92/43/EEC as amended) will be verified during the appraisal.

The project contributes to fund the procurement of vaccine candidates for countries in Africa, Asia and Latin America.

Within its funding structure and project scope, GAVI undertakes to make available a certain number of vaccine doses to the eligible LMICs countries in Africa, Asia and Latin America for a total cost equivalent to the amount of EIB loan.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
