## Project Description

The loan will finance rehabilitation works to improve the A32 highway connecting the North-West of Italy to France (Torino-Bardonecchia) via the Frejus Tunnel.

The highway is part of the Trans-European Transport Network (TEN-T) Mediterranean Corridor.

The project is not expected to lead to any traffic capacity increase and no material interventions are foreseen to occur beyond the existing right of way.

The project comprises a set of individual components with the aim to rehabilitate the A32 highway connecting the North-West of Italy to the South-East of France via the Frejus Tunnel.

The components include various types of works, such as:

- Alignment on EU directives road related to road safety management (2008/96/EC) and minimum safety requirements for tunnels in the TEN-T(2004/54/EC) ;
- Reinforcement of bridges and viaducts structures to safeguard the assets and make them more resilient to future climate change effects;
- Pollution control and prevention.

## **ACCOUNTABILITY MECHANISM OF EIB**

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

[http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
