Project Description

According to the Bank's website, the project entails the strategic investment plans of the Elisabeth-Twee Steden Hospital (ETZ) in Tilburg, aimed at optimising its healthcare infrastructure, service delivery and energy efficiency.

ETZ plans a phased but comprehensive renewal of its main hospital location ETZ Elisabeth, into a sustainable healthcare campus, where all acute, complex and clinical care will be concentrated. Upon completion of the investment plan, ETZ will be able to operate in a more agile and efficient way, within an optimally designed hospital. That will help the hospital to meet the increasing healthcare needs in its catchment area and maintain its positions as top-clinical hospital, and trauma centre for the province of North Brabant.

In a first phase (until 2026), a new hospital building will be constructed at the ETZ Elisabeth location, to accommodate the emergency department, operation theatres and intensive care, cardiocare unit, intervention centre, nursing wards and a general practitioners centre. In the second phase (2027-2031), the building will be expanded with radiology units, more operating theatres, nursing wards and a parking garage. In parallel, the sites ETZ Waalwijk and ETZ TweeSteden will maintain their role for outpatient activities, day treatment and diagnostics.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
