Project Description

The operation, structured as a Framework Loan (FL), will finance an integrated waste management programme including the collection, treatment and disposal of municipal waste generated and the rehabilitation of dumpsites in several provinces throughout the Republic of Argentina, presumably in Santiago del Estero, Buenos Aires, Rio Negro, Salta and Santa Cruz.

The overall objective of this project is to improve the actual waste management system in Argentina. Precisely, it aims to develop the solid waste management system of several provinces and to strengthen the material recovery (recycling and composting) of solid waste generated in those provinces including social inclusion of the waste pickers. Furthermore, it will contribute to close / rehabilitate the unsanitary dumpsites. The project is aligned with the principles of the Paris Agreement and will contribute to achieving the UN Sustainable Development Goals.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:
