Early Warning System

AT & S RDI and Research Center in Austria

EIB-20220514

Quick Facts

Countries	Austria
Specific Location	Leoben
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2022-12-21
Borrower	AT & S Austria Technologie & Systemtechnik AG
Sectors	Industry and Trade
Investment Type(s)	Loan
Loan Amount (USD)	$ 265.20 million
Project Cost (USD)	$ 673.61 million

Project Description

The loan will finance the promoter's research and development (RDI) investments in Austria over the next three years.

The related RDI investments are in the fields of IC Substrates and Packaging technology, including prototyping, pilot line and small scale production line. The project also includes capital investments for applied research and experimental development, including the construction of a new research competence centre in Leoben (Austria). Such centre will be the first European competence centre for organic Advanced Fan-out, IC substrates and Packaging technologies supporting High Performance Computers' early stage development. Additionally, the centre will also foster co-development with Research and Technology Organisations, Universities and Suppliers in Europe.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

As stated on the company's website, technology and digitalisation are having an ever-growing impact on our lives and are increasingly shaping our daily routines at home and at work. The advances achieved in these fields in recent years are truly breathtaking and have created crucial momentum for growth in every sector of the economy.

As a global technology enterprise, AT&S is actively involved in these developments and plays a decisive role in shaping the digital world of tomorrow.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
