COMET UPCYCLING ARABINOXYLAN PLANT (IEU GT)

Quick Facts

Countries	Denmark, Poland
Specific Location	Kalundborg (Denmark)
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2023-04-25
Borrower	COMET BIO DENMARK APS
Sectors	Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	\$ 43.58 million
Project Cost (USD)	\$ 96.97 million

Project Description

According to the Bank's website, the loan will finance the first of a kind production plant for a novel nutraceutical, arabinoxylan based ingredient. The nutraceutical is produced from wheat straw and has prebiotic activity. The ingredient has large range of applications in food and beverages industries.

The project includes research, development and innovation (RDI) activities to develop product grades, optimise the production process and integrate a tailored spray drying technology in the production facility. The process RDI is needed to reach the full production capacity of the plant, around 5,000 tonnes per annum.

The aim is to establish the production of an innovative biobased nutraceutical ingredient of high interest for the food and beverage industry, in Kalundborg (Denmark).

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
