

EIB-20220973

LIGHTWEIGHT METAL COMPONENTS CAPACITY EXPANSION

### Quick Facts

Countries	Serbia
Specific Location	Cacak
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2025-12-16
Borrower	PWO AG
Sectors	Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	\$ 17.62 million
Project Cost (USD)	\$ 36.42 million

### Project Description

According to the Bank's website, the project encompasses a selection of eligible investments undertaken by the promoter for the construction and ramp-up of a new manufacturing site dedicated to the production of lightweight metal components for the automotive sector as well as tools for sheet metal cold forming. The project will be implemented in Cacak (Serbia) over the period between 2024 and 2026.

The aim is to enhance the promoter's competitiveness by improving its cost structure and increasing efficiency through a shortened supply chain. This investment will significantly boost regional development and attract new investors.

The Project concerns the construction of a greenfield factory with a build-up area of approximately 16 500 square metres and the subsequent installation and ramp-up of machinery as well as the equipment for cold metal forming.

### Early Warning System Project Analysis

According to the Environmental and Social Data Sheet, within the process of licensing the new facility, the local competent environmental authorities have granted the building permit without requesting an EIA for the Project.

### Investment Description

- European Investment Bank (EIB)

### Private Actors Description

*PWO AG* develops, produces, and sells metal components and systems for the mobility industry in Germany, Czechia, Canada, Mexico, Serbia, and China.

### ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

### ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check:

[http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at:

<http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
