POLISH EARTH OBSERVATION SATELLITE CONSTELLATION

### Quick Facts

Countries	Poland
Financial Institutions	European Investment Bank (EIB)
Status	Proposed
Bank Risk Rating	U
Borrower	Government of Poland
Sectors	Communications
Investment Type(s)	Loan
Investment Amount (USD)	\$ 320.40 million
Project Cost (USD)	\$ 655.74 million

### Project Description

According to the Bank's website, the project will finance the design, assembly, test and launch of two earth observation satellites designed for capturing high-resolution satellite imagery. It also includes two redundant ground stations for satellite control and images download. The satellite images will be jointly used by the Polish Ministry of Defence, the Ministry of Interior and also civil governmental agencies such as the Polish Space Agency.

According to the current plan, the two satellites should be ready by 2028.

The aim is to allow the promoter to secure independent access to space-based high-resolution optical images that can be used by all relevant state agencies. The project design will improve the satellites re-visit time and thereby ensure access to time-critical space data.

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
