Project Description

As stated by the EIB, this operation, which follows-up the EIB financed project [CAPE VERDE WIND POWER PPP \(2008-0226\)](#), concerns the expansion (13.5 MW) of the promoter's existing wind farm in Santiago. It also includes the installation of at least two Battery Energy Storage Systems (BESS) in Cape Verde, of which approximately 10 MW at the Santiago wind farm and approximately 5MW in the Sal Island.

The construction of 2.6km of transmission line and other grid devices dedicated to the project are associated facilities and will be included in the review. The project is expected to contribute to climate action and environmental sustainability objectives, in particular to climate change mitigation.

Investment Description

- European Investment Bank (EIB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
