Voting Date	2024-12-11
Borrower	Government of Angola
Sectors	Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 126.07 million
Project Cost (USD)	\$ 268.94 million

Project Description

According to the Bank's website, the project consists of an investment programme covering nine coastal towns, comprising construction of sanitation infrastructure, institutional & capacity development and project management support to the National Directorate of Water and the provincial water and sanitation utilities.

The development objective of the project is to improve access to climate-resilient and sustainable sanitation services in nine coastal towns of Angola. The project is expected to contribute to the improvement of the health and socioeconomic situation of the population living in the targeted towns. The project's operation is part of the effort of the Government of Angola to improve the water and sanitation service delivery in the country as enunciated in the National Development Programme and Sector Investment Plan.

Early Warning System Project Analysis

Preliminary environmental and Social Assessments have been carried out as part of the preparatory activities for the investments requiring such analysis; during final stage of project preparation, the environmental and social impact assessments will be updated if necessary and a Resettlement Action Plan will be carried out if needed. The project shall have positive environmental and public health impacts and will allow the population to improve its access to sanitation. The Bank will verify the environmental and social aspects and impacts of the project components, as well as proposed mitigation and compensation measures, in accordance with the EIB's Environmental and Social standards.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
