

 Early Warning System

EIB-20230277

SENDER 2 (IEU FT)

Quick Facts

Countries	France, Germany, Spain
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2024-07-23
Borrower	SENNDER TECHNOLOGIES GMBH
Sectors	Industry and Trade, Transport
Investment Type(s)	Loan
Investment Amount (USD)	\$ 43.40 million
Project Cost (USD)	\$ 131.28 million

Project Description

According to the Bank's website, the project promoter, Sennder Technologies, developed a digital freight forwarding platform that connects large shippers with small independent carriers using software technology. The loan will finance its research and development activities as well as market expansion.

The aim is to help the company to further develop its digital freight-forwarding platform and support its international business expansion. This will improve the transparency and efficiency of its logistics as well as the use of existing road carrier capacities to reduce 'empty kilometres'.

Early Warning System Project Analysis

The activities take place in existing locations and have neither a direct environmental impact nor do they require an environmental authorization or an EIA as per Directive 2014/52/EU amending the EIA Directive 2011/92/EU.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

sennder Technologies GmbH operates as a digital freight forwarding company. The Company connects small to mid-sized trucking companies with shippers aiming to reduce the number of return journeys trucks do. *sennder Technologies* serves costumers in Germany.

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
