Project Description

DESCRIPTION

The programme will support the modernisation of the forestry sector in the period 2024-2028.

Investments will strengthen the governance, regulatory framework and institutional capacities of forest stakeholders in Moldova, following traditional Framework Loan principles. Additionally, the operation will also support infrastructure and equipment to enhance the production capacity of forest reproductive material (FRM) as well as restoration and rehabilitation of about 63,000 ha degraded lands and forests.

OBJECTIVE

The aim is to improve forest health and growth as well as the resilience of ecosystems and landscapes against climate change. The operation also intends to strengthen the supply of sustainable forest products and ecosystem services by promoting sustainable forest management (SFM) practices and supporting forest resources conservation.

Given its strategic nature, the project is in line with the EU-Moldova Association Agreement and with the EU priorities on environment and climate.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
