Investment Type(s)	Loan
Investment Amount (USD)	\$ 343.61 million
Loan Amount (USD)	\$ 343.61 million
Project Cost (USD)	\$ 962.10 million

Project Description

According to the EIB, the project will finance the deployment of a fleet of 24,000 zero-emission electric vehicles across 10 EU countries.

The aim is to accelerate the transition towards zero emission road transport. This will generate substantial environmental economic benefits in terms of reduced greenhouse gas emissions, air pollution and noise.

Additionally, the project will contribute to support the development of the cleaner automotive industry through the accelerated deployment of electric vehicles and, indirectly, their associated infrastructure.

Finally, this project addresses the sub-optimal investment situations associated with imperfect competition and incomplete markets, by contributing to increase the level of competition and enable the development, adoption and scale up of electric vehicles. The Promoter has significant experience in the sector and is subject to national regulation of its current activities.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

As stated by Bloomberg, Leasys SpA provides mobility solutions. The Company offers long-term rental, benefits, vehicle maintenance, road assistance, insurance coverage, and other automotive services. Leasys serves customers in Europe.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
