VALLE UMBRA WATER SECTOR UPGRADE- GREEN LOAN

Quick Facts

Countries	Italy
Specific Location	Umbria region
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2024-04-11
Borrower	VALLE UMBRA SERVIZI SPA
Sectors	Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 37.54 million
Project Cost (USD)	\$ 113.70 million

Project Description

According to the Bank's website, the project concerns VUS's 2023-2028 water and wastewater investment programme, aimed at improving system resilience through interconnections of the water distribution networks, new water sources, and leakage reduction as well as optimisation of existing sewerage treatment facilities.

The aim is to support the promoter's investments (e.g. water and wastewater treatment plants, sewerage networks, and energy efficiency) in the Italian region of Umbria.

Early Warning System Project Analysis

Most components consist of improvement, extension and rationalisation of water and wastewater infrastructure, including also energy efficiency interventions. None of the components will be implemented inside or near Natura 2000 or other protected sites.

The Project will also ensure long-term positive environmental impact on ground and surface water, by improving wastewater collection by connecting currently unserved users to the sewerage collection system and reducing pollutants from the treated effluent.

By increasing the quality and reliability of water and wastewater collection and treatment services, the conclusion of the assessment is that the Project will bring substantial health advantages and environmental quality improvements to the affected population, thereby increasing the quality of life in the Project area. Negative social impacts would be only temporary (e.g. occupation of public and private space, safety hazards during construction, traffic, noise) and will be addressed as part of the planning for the implementation of each scheme.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

Valle Umbra Servizi S.P.A. is a multi-utility public service company. The Company provides integrated water and urban hygiene services.

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
