<b>Bank Risk Rating</b>	U
<b>Borrower</b>	OFFICE NATIONAL DE L'ELECTRICITE ET DE L'EAU POTABLE
<b>Sectors</b>	Energy
<b>Investment Type(s)</b>	Loan

---

## Project Description

As stated by the EIB, the project consists of a multi component investment programme covering the period 2024-2029, that includes several electricity transmission schemes, from 60 kV to 400 kV, geographically dispersed throughout the country.

The aim is to reinforce and extend the country's electricity infrastructure (transmission lines and substations) by reducing losses, enhancing reliability and meeting new electricity demand. Additionally, the programme includes the integration of new renewable electricity generation capacity that will ensure a more sustainable and efficient power system.

The project implementing agency will be OFFICE NATIONAL DE L'ELECTRICITE ET DE L'EAU POTABLE

## Investment Description

- European Investment Bank (EIB)

*Investment information not provided at the time of disclosure.*

---

### Private Actors Description

As stated by DevEx, the National Office of Electricity and Drinking Water (ONEE) is the pillar of the energy strategy and arm of the State in the sector of water and sanitation in Morocco. Since the mid-1990s, the Agency has been on all fronts: generalization of access to electricity and drinking water, sewage treatment and liquid sanitation service development, modernization and expansion of networks of production, marketing and distribution of electrical and hydraulic resources, fight against waste and implementation of new instruments and techniques for saving water and electricity.

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
