## Project Description

According to the EIB, the project will be implemented as an unfunded partial delegation linked risk sharing (LRS) transaction with the financial intermediary, supporting it in providing certain types of guarantees in relation to the obligations of manufacturing companies (Original Equipment Manufacturers or "OEMs") for the supply of wind farm and the related wind value chain components (such as turbines, grid connection's infrastructure, cables, transformer stations, sub-stations and possibly sub-contractors).

The aim is to support the European Union's wind energy sector. The lending envelope is a dedicated guarantee programme to allow banks to provide additional guarantees related to supply contracts of wind energy equipment manufacturers in the EU. The envelope is expected to mobilise ca. €8bn of investments into wind power related equipment. The sub-operations will be limited to manufacturing companies with production and/or assembly capacity in the EU for the supply of wind farm and related value chain components (such as grid connectors and transformers) be used in wind energy projects in the EU.

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
