Project Description

According to the Bank's website, through the intermediary, the linked risk-sharing operation (own-resources; full delegation) will support Midcaps and Public Sector Entities primarily based in Portugal.

The aim is to enhance access to finance to the target beneficiaries and ensure they continue to have the much needed liquidity to operate.

The transaction fills a market gap by meeting the financial constraints of mid-caps facing economic uncertainty exacerbated by inflation, supply chain disruptions, energy security and lasting effects of the pandemic.

Investment Description

- European Investment Bank (EIB)

A linked risk-sharing operation (own-resources; full delegation).

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

- CAIXA GERAL DE DEPOSITOS SA (Financial Intermediary)

Private Actors Description

Caixa Geral de Depósitos is a Portuguese state-owned banking corporation, and the largest bank in Portugal, established in Lisbon in 1876. CGD now has presence in 23 countries spanning four continents through branches, representative offices or direct equity interests in local financial institutions.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
