Status	Approved
Bank Risk Rating	U
Voting Date	2024-08-30
Borrower	BRATISLAVSKA VODARENSKA SPOLOCNOST AS
Sectors	Infrastructure, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 88.49 million
Project Cost (USD)	\$ 185.83 million

Project Description

According to the Bank's website, the investment programme 2024-2026 will finance the rehabilitation, upgrade, modernisation and extension of the water and wastewater management infrastructure in the catchment area of the Bratislava water company. Additionally, the project will support investments related to renewable energy (biogas) generation.

The aim is to enhance the quality, security and climate change resilience of Bratislava's water supply, wastewater collection and treatment system, also in view to comply with the national and EU legislation.

Early Warning System Project Analysis

Negative impacts to the environment are assessed only as temporary ones. During construction, temporary impacts on the environment such as noise and dust may occur.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

Bratislavská vodárenská spoločnosť a. s. (BVS) is a regulated water utility operating in the Bratislava Region, a part of the Trnava Region (Senica and Skalica Districts) and a part of the Trenčín Region (Myjava District) of Slovakia. BVS is a public entity and majority owned by the city of Bratislava.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
