## Project Description

According to the EIB, the multi-sector Framework Loan (FL) operation will finance Tallin's multi-year investment programme, in line with the Development Strategy of the City of Tallinn (2035 Tallinn Arengustrateegia) and its sustainable development goals.

This FL includes schemes that will support the implementation of the Promoter's Tallinn Sustainable Energy and Climate Change Adaptation Plan.

The FL will focus on rehabilitation and upgrades in public buildings, notably schools and social housing, including Energy Efficiency measures, the rehabilitation of parks and other public spaces, urban streets, new pedestrian and biking pathways. The schemes included in this FL - in line with those addressed in the development and climate strategies of the City of Tallin - show the potential to deliver high environmental and social benefits to residents.

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
