Investment Type(s)	Loan
Investment Amount (USD)	\$ 62.43 million
Project Cost (USD)	\$ 151.90 million

---

## Project Description

According to the Bank's website, the project is part of the City of Lille's Multi-Year Investment Plan, which includes preschool and primary school, sports, and cultural infrastructure. Cross-cutting projects are planned to improve accessibility, renovate school canteens, modernize heating systems, and demineralize and revegetate school grounds.

The goal is to renovate the City of Lille's primary and pre-primary infrastructure to improve services and increase student capacity.

The project aims to improve living spaces, strengthen infrastructure resilience to climate change, and improve the energy efficiency of existing buildings.

---

## Early Warning System Project Analysis

The Directive 2011/92/EU, as amended by Directive 2014/52/EU on Environmental Impact Assessment (EIA), does not specifically cover educational activities, leaving it to the discretion of the competent authorities responsible to request an EIA based on the location and scale of the works concerned. However, educational establishments may fall under Annex II of the Directive with regard to urban development. The Bank's services will verify during appraisal whether an EIA is required by the competent authority. Public buildings will be required to meet at least the energy efficiency targets set out in Directive 2010/31/EU on the energy performance of buildings and Directive 2012/27/EU on energy efficiency. Social and environmental aspects, as well as all aspects related to historical and cultural heritage, will be verified during the assessment.

### ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

### ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
