

 Early Warning System

EIB-20240262  
SAMOTICS (IEU FT)

## Quick Facts

Countries	Netherlands
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2024-12-16
Borrower	SAMOTICS HOLDING BV
Sectors	Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	\$ 21.03 million
Project Cost (USD)	\$ 45.22 million

---

## Project Description

According to the Bank's website, the project promoter, Samotics, is a B2B Dutch SME that has developed a predictive maintenance and energy efficiency optimisation solution for industrial companies based on Electrical Signature Analysis. Its system focuses on monitoring and analysing electric motors to detect energy inefficiencies and predict malfunctioning through Artificial Intelligence driven recommendations.

The project finances the further development and deployment of an innovative condition monitoring and predictive maintenance solution for critical industrial assets.

The aim is to support the promoter in further enhancing and expanding its offering towards new industries and areas of application in existing and new geographies.

---

## Early Warning System Project Analysis

The project will be carried out in existing facilities, already authorised, that will not change their scope due to the project.

The project does not carry any significant labour risks and risk to health and safety is minimal with the overall social risk being low.

Based on the environmental, climate and social information and based on the review of the likely significant environmental, climate and social risks and impacts and the mitigation measures and management systems in place, the Project is deemed to have low residual environmental, climate and social risks and impacts.

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
