Project Description

According to the Bank's website, the project supports the manufacturers of medicines, vaccines, diagnostics and medical devices to scale and optimise their supply mechanisms to be able to meet global demand. The project is funded by a master guarantee facility in favour of the Bill & Melinda Gates Foundation that shapes healthy markets for critical products to ensure accessibility and affordability to low- and middle-income populations.

The operation is fully aligned with the priorities of Global Gateway as it supports the affordable access to medical products to tackle endemic, infectious and non-communicable diseases. It will also support the TEI on Manufacturing and Access to Vaccines, Medicines and Health Technologies (MAV+). Ensuring affordability and accessibility to quality medical products in LMICs will contribute to the eradication of poverty, which is a pillar of NDICI across all regions.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
