Sectors	Law and Government, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 114.75 million
Project Cost (USD)	\$ 229.49 million

Project Description

According to the Bank's website, the project involves investments in the drinking water, wastewater, rainwater and flood prevention sectors in the Nîmes metropolitan area.

The goal is to renew, improve, and bring into compliance the drinking water production and distribution facilities, wastewater collection and treatment, rainwater drainage and storage, and flood control.

The project is fully in line with Nîmes Metropole's climate change adaptation approach.

Early Warning System Project Analysis

The project is expected to contribute to objectives related to climate action and environmental sustainability, in particular to the mitigation of the effects of climate change, adaptation to climate change, prevention and control of pollution, sustainable use and protection of aquatic and marine resources, as well as the protection of biodiversity and ecosystems.

Investment Description

- European Investment Bank (EIB)

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
