EIB-20240423

PULPAC DRY MOLDED FIBER PACKAGING (IEU GT2)

Quick Facts

Countries	Sweden
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2025-06-13
Borrower	PulPac AB
Sectors	Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	\$ 23.10 million
Project Cost (USD)	\$ 70.45 million

### Project Description

According to the Bank's website, the project will finance the promoter's research, development and innovation (RDI) programme in dry moulded fibre (DMF) technology over a 5-year period (2025-2029).

The aim is to support the promoter's research, development and innovation (RDI) activities in developing its next generation of food service and retail products based on dry molded fibre (DMF) technology.

PulPac seeks to improve efficiencies and support the market shift from plastics to fibre.

The RDI activities will include, among others, development of expanded and enhanced standardised product portfolios, barrier and material development, blow and compression moulding, blister pack platform acceleration, as well as an innovation centre.

The company will focus on food and retail applications, including coffee cup lids, plates, cutlery, bottles, fashion hangers, and pharmaceutical packaging.

---

### Early Warning System Project Analysis

According to the Environmental and Social Data Sheet, the RDI activities will be carried out within existing and authorised RDI facilities, located in Sweden, that have valid operation permits approved by the national competent authorities.

As this RDI project is not investing in tangible assets or new infrastructure prone to climate-change related risks, the climate risks have been assessed as low.

Based on the environment, climate and social (ECS) information the project is deemed to have low residual ECS risks and impacts.

---

## Investment Description

- European Investment Bank (EIB)

A loan of €20 million (around 220 million Swedish kronor).

### Private Actors Description

*PulPac* is patent owner of the groundbreaking manufacturing technology, Dry Molded Fiber, a method that converts cellulose fibers into sustainable, high-performing products.

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
