## Project Description

As stated by the EIB, the project supports the development of an advanced microscopy scanner for rapid imaging of the internal microstructure of tissue samples for interventional oncology.

The aim of the project is to support the development of the RDI activities of the promoter, including development and improvement of the Histolog® Scanner, a microscopy device that provides real-time imaging of the internal microstructure of tissue samples for interventional oncology.

### Private Actors Description

As stated on the company's website, SamanTree Medical is born out of a novel ultra-fast confocal microscopy technology invented at EPFL (Switzerland) in 2010. This innovation has found its application in cancer treatment, where it enables medical professionals to identify and remove cancerous tissue with unique accuracy and speed. By allowing for real-time imaging from biopsy taking to intraoperative decision making, this technology can help to improve patient treatment plans and outcomes, making it a crucial tool in the fight against cancer.

Phone: +41 21 625 09 40

Address: E40 Business Park, Rue de Bruxelles 174, B-4340 Awans, BELGIUM

## ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

## ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: [complaints@eib.org](mailto:complaints@eib.org), by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: [http://www.eib.org/attachments/strategies/complaints\\_mechanism\\_policy\\_en.pdf](http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf)

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
