Investment Type(s)	Loan
Investment Amount (USD)	\$ 37.62 million
Loan Amount (USD)	\$ 37.62 million
Project Cost (USD)	\$ 76.41 million

Project Description

As stated by the EIB, the project concerns the rehabilitation and expansion of the inland port of Bogojevo along the Danube River. It includes investments in quay side and terminal infrastructure and the scheme is part of the Serbian Inland Waterway Infrastructure framework loan.

The project is a major scheme under framework loan 2017-0671 SERBIAN INLAND WATERWAYS INFRASTRUCTURE. The project expands the cargo handling capacity of an inland waterway port along the Danube, which is a waterway on the Trans-European Transport Network (TEN-T) on the Rhine-Danube Inland Waterway corridor.

The rehabilitation of the Port of Bogojevo foresees works for the construction of a new operational quay, administrative buildings, construction of traffic, electricity, telecommunications, thermal power and hydraulic engineering infrastructure for the port functioning, construction of the port infrastructure of the planned port terminals, as well as providing supervision services during the construction. The port is 40 km distance from the E75 highway (Belgrade-Budapest) and it will be connected to the national railway network. The port sits by a bridge connecting Serbia and Croatia.

The promoter is the Ministry of Construction, Transport and Infrastructure of the Republic of Serbia.

Investment Description

- European Investment Bank (EIB)

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
