TECNOCAP ENERGY EFFICIENCY INVESTMENTS

Quick Facts

Countries	Czech Republic, Italy
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2025-05-23
Borrower	TECNOCAP SPA
Sectors	Energy, Industry and Trade
Investment Type(s)	Loan
Investment Amount (USD)	\$ 28.42 million
Loan Amount (USD)	\$ 28.42 million
Project Cost (USD)	\$ 39.79 million

Project Description

According to the EIB, the project involves a framework loan to support TECNOCAP Spa, a manufacturer of metal closures, in its energy efficiency and sustainable investments. These include improvements in production processes and energy efficiency measures, such as renovating buildings and installing photovoltaic systems in its industrial facilities located in Italy and the Czech Republic.

The aim is to support decarbonisation goals, lower energy usage and intensity, minimise environmental impact and air pollution, boost competitiveness, and create jobs for a positive social impact.

Investment Description

- European Investment Bank (EIB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

Private Actors Description

As stated by Bloomberg, Tecnocap Spa designs and manufacturers industrial machinery products. The Company offers hoppers, elevators, vacuum detectors, metal closures, and capping machines. Tecnocap operates worldwide.

As stated by the EIB, Tecnocap Group is an international industrial player specializing in the production of integrated packaging. It operates in over one hundred countries worldwide thanks to twelve manufacturing plants located in Europe, North and South America, India, and Saudi Arabia, as well as an extensive network of distribution companies and commercial partnerships. Commitment to circular production models and the decarbonization of both operations and packaging solutions is an integral part of the Group's corporate strategy. In particular, continuous process improvement, eco-design across the entire life cycle of packaging products, and social responsibility are at the core of a growth model aimed at creating long-term value.

Banca Finint Group is active in the Italian corporate & investment banking market, structured finance, asset management, and private banking. Established at the end of 2014, Banca Finint represents the culmination of over 40 years of operations of the Finanziaria Internazionale Group, founded in 1980 by Enrico Marchi in the financial sector. In 2016, the Banca Finint Group was created, with Banca Finint as the parent company. The Bank specializes primarily in activities related to Debt Capital Markets (minibonds and specialized lending), the structuring and management of structured finance transactions (covered bonds, basket bonds, and securitizations), and advisory services in extraordinary finance transactions, supporting companies and the real economy in the regions where it operates. The Group is headquartered in Conegliano (TV) and has offices in Milan, Rome, and Trento.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
