IRRIGATION CANAL NAVARRA PHASE II

Quick Facts

Countries	Spain
Specific Location	Navarra region
Financial Institutions	European Investment Bank (EIB)
Status	Proposed
Bank Risk Rating	U
Borrower	Comunidad Autonoma de Navarra
Sectors	Agriculture and Forestry, Infrastructure, Water and Sanitation
Investment Type(s)	Loan
Investment Amount (USD)	\$ 157.28 million
Loan Amount (USD)	\$ 157.28 million
Project Cost (USD)	\$ 319.81 million

Project Description

As stated by the EIB, the project will finance the extension of the existing irrigation infrastructure, Canal de Navarra, which already provides modern irrigation services to 35,000 hectares (ha) in the Spanish region of Navarra.

The investments will provide efficient irrigation to 14,300 ha of existing irrigation associations and enable energy efficiencies to an additional 6,100 ha. The system will facilitate climate change adaptation and mitigation by enabling water and energy savings while sustaining the agro-industrial activity and support rural populations in the region. Additionally, a portion of the flow will provide safe and reliable drinking water and industrial uses through six existing municipal water utilities. It will also become an enabling infrastructure for further modernisation of potentially 20 400 ha (out of the current scope), reinforcing the agro-industrial activity in the area and sustaining the livelihoods of rural populations.

The project will contribute to Climate Change Adaptation, Mitigation and an improved Water management.

Investment Description

- European Investment Bank (EIB)

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
