Project Description

As stated by the EIB, the Lending Envelope (LE) will support investments in the construction, extension, renovation, and rehabilitation of public higher education and research institution premises in Poland and the Baltic States.

This is the second LE of its kind after the successful launch of the Higher Education and Research Lending Envelope in 2023 supporting construction, extension, renovation and rehabilitation of a selected number of university premises in Poland and the Baltic States.

The aim is to support universities in their efforts to upgrade their campuses, which are often comprised of buildings that have reached the end of their useful life.

The fast take-up of the first lending envelope confirmed the strong demand for investments in the improvement of learning, teaching and research conditions at universities in Poland and the Baltic States, including improved accessibility for people with disabilities, and energy efficiency of buildings.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
