Investment Type(s)	Loan
Investment Amount (USD)	\$ 23.37 million
Loan Amount (USD)	\$ 23.37 million
Project Cost (USD)	\$ 39.72 million

Project Description

As stated by the EIB, the project will support the implementation of the sustainable urban investment programme and just transition of the City of Kosice in Slovakia.

The project includes, among others, investments in rehabilitation and energy efficiency in public buildings and social infrastructure, as well as sustainable urban mobility schemes. It is expected to fall partly under the Public Sector Loan Facility (PSLF, Pillar III of the Just Transition Mechanism).

The aim is to support Kosice's transition process towards a climate-neutral city and improve the quality of services provided to the population by increasing energy efficiency and reducing energy consumption in public buildings, improving sustainable urban mobility and enhancing the availability and quality of social infrastructure, including social housing for rent.

The Project supports a multi-sector investment programme and the just transition of the City of Kosice in Slovakia in the period January 2025 to January 2030.

Delivered through a Framework Loan, the EIB's financing will help the City address its investment gap by supporting the renovation and (re)construction of public buildings (including energy efficiency measures), as well as provision of public goods and services (e.g. public infrastructure dedicated to public services for citizens, including social infrastructure in the areas of healthcare, emergency accommodation and elderly care, etc.).

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
