Project Description

As stated by the EIB, the project is structured as a Framework Loan and will co-finance investment schemes under the European Agricultural Fund for Rural Development (EAFRD) within the Common Agricultural Policy Strategic Plan (CAP SP) 2023-2027 (CCI: 2023PL06AFSP001).

As the fourth operation of its kind in Poland, this operation continues to support the state's co-financing contribution under the EAFRD, reinforcing the country's long-term rural development strategy.

The aim is to support selected measures of the Polish Rural Development Programme during the period 2023-2027.

The loan will finance selected investments under Articles 73, 77 and 78 of Regulation 2021/2115. It will primarily target farm-level investments, downstream processing, distribution to enhance competitiveness and add value to primary production.

Additionally, it will support forestry and rural infrastructure development as well as Community Led Local Development initiatives, contributing to environmental sustainability and climate change goals.

The project will also fund training and advisory services, as well as complementary initiatives to maximise the effectiveness and long-term impact of investments. This will promote rural development, sustainability and competitiveness, ensuring the efficient utilisation of EU grants.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
