Sectors	Construction, Infrastructure
Investment Type(s)	Loan
Investment Amount (USD)	\$ 58.62 million
Loan Amount (USD)	\$ 58.62 million
Project Cost (USD)	\$ 209.84 million

Project Description

As stated by the EIB, the framework loan will support the multi-sector investment programme of the City of Lyon. as well as the implementation of its urban development and climate city strategies.

The project includes, among others, investments in urban renewal and regeneration, green areas and open spaces, sustainable mobility and construction and rehabilitation of public buildings.

The schemes under the Framework Loan should have an overall positive impact on the environment by promoting sustainable urban development and reducing energy consumption.

Lyon aims to become climate neutral and a resilient city to climate change by 2030. This is in line with the urgency outlined in the Paris Agreement and establishes the City of Lyon as an international leader among municipalities on climate action, demonstrating its commitment to achieve climate neutrality by 2030.

The project addresses a number of market failures and will bring important economic and social benefits, contributing to achieving a more integrated, sustainable, mixed and inclusive development, improving the living conditions of the citizens and other people visiting or living in the city. The Project will contribute to promote progress toward multiple Sustainable Development Goals, the most significant one being the contribution to sustainable cities and communities.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
