Sectors	Construction, Infrastructure, Law and Government
Investment Type(s)	Loan
Investment Amount (USD)	\$ 1,643.93 million
Project Cost (USD)	\$ 2,059.61 million

Project Description

According to the Bank's website, the Project is a framework loan to support post-earthquake rehabilitation and seismic resilience improvement of buildings and infrastructure in Naples area. The earthquake events occurred since May 2024 caused severe damages to buildings and infrastructure in the Phlegraean Fields area, a volcanic area falling under the municipalities of Naples, Pozzuoli and Bacoli.

Investments include the rehabilitation of private residential buildings damaged by the seismic events since May 2024. The damage repair is coupled with investments aiming at strengthening the seismic resilience of private residential buildings, public buildings (primarily schools) and infrastructure (roads and other key civil infrastructure).

Early Warning System Project Analysis

According to the Environmental and Social Data Sheet, with reference to individual reconstruction schemes, most of them are not expected to cause any significative negative impact on the environment and/or protected natural sites and, therefore, are not subject to an Environmental Impact Assessment.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
