Project Description

According to the Bank's website, the project is a municipal framework loan supporting the implementation of the investment programme of the city of Thessaloniki. The project aims to transform Thessaloniki into a climate-neutral, smart, sustainable, resilient and attractive city, with positive benefits for public health, accessibility and well-being of citizens.

Eligible investments will include: (re)construction/rehabilitation and energy efficiency refurbishment of public buildings, improving sustainable urban transport, upgrading small scale basic municipal infrastructure and revitalization of brownfield areas, open public spaces and green areas.

Early Warning System Project Analysis

According to the Environmental and Social Data Sheet, during construction, the main impacts are expected to be the ones related to disruptions because of traffic, noise, vibration, and dust. These impacts are expected to be short-lived and reversible.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
