Investment Amount (USD)	\$ 584.17 million
Loan Amount (USD)	\$ 584.17 million
Project Cost (USD)	\$ 1,886.87 million

Project Description

According to the EIB, the project concerns investments to modernise, digitalise and reinforce Endesa's electricity distribution network throughout Spain during the 2025-2027 period.

The investment programme will include components aiming at digitalisation, automation and modernisation of the distribution network in order to increase security of supply, quality of service and climate change adaptation.

The Promoter's capital expenditure plan includes investments in electricity distribution. The Project will contribute to maintaining or increasing security of supply in the context of growing electricity demand, from heating and mobility, in particular, and growing integration of electricity production from renewable energy sources.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
