Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2026-06-02
Borrower	Not disclosed
Sectors	Energy, Infrastructure
Investment Type(s)	Loan

Project Description

According to the EIB, the project concerns a part of the promoter's multi-annual investment programme in electricity distribution and district heating networks and heat generation over a five-year period.

The programme components for the electricity network include refurbishment and extension of existing low-, medium- and high-voltage infrastructure to improve the safety, reliability and quality of service, to replace obsolete hardware as well as to enable connections of new system users. The district heating components entail construction of new heat generation capacities (geothermal heat source with heat pumps) as well as renovating and extending the network by refurbishment of existing network infrastructure and construction of new pipelines, substations and client connections.

The district heating investments will improve operations, connecting new users, ensuring security of supply and increase the share of renewable energy heat generation (to comply with EEG requirements).

Investment Description

- European Investment Bank (EIB)

Information on the investment amount was not provided at the time of disclosure.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
