LOXAM ELECTRIC CAPEX PROGRAM II

Quick Facts

Countries	France, Italy, Spain, Sweden
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	C
Voting Date	2026-09-25
Borrower	LOXAM SAS
Sectors	Energy, Industry and Trade, Transport
Investment Type(s)	Loan
Investment Amount (USD)	$ 170.87 million
Loan Amount (USD)	$ 170.87 million
Project Cost (USD)	$ 411.24 million

Project Description

According to the EIB, the project forms part of the company's multi-annual green investment plan focused on the deployment of new electric equipment to replace fossil fuel-powered, polluting and CO2 emitting rental equipment in France and other European countries. It also includes the installation of enabling infrastructure, together with associated digitalisation solutions for tracking, remote diagnostics, and preventive maintenance.

The aim is to support the electrification and digitalisation of the promoter's rental fleet, thereby improving energy efficiency, operational performance and environmental sustainability.
Investments include electric construction and civil engineering equipment, enabling infrastructure and digital solutions that support fleet monitoring, remote diagnostics and preventive maintenance.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

As stated by Bloomberg, Loxam provides industrial equipment rental services. The Company offers excavators, loaders, crawlers, compactors, electrical cabinets, generators, scaffolding, trucks, containers, mixers, chain saws, screw drivers, cleaners, and flooring machinery, as well as delivery and technical support services. Loxam serves construction, public works, and landscaping sectors in France.

ACCESS TO INFORMATION

You can submit an information request for project information at: https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
