Project Description

As stated by the EIB, this unfunded partial delegation linked risk sharing transaction will support Unicredit in providing certain types (see below) of guarantees (Bonds) in relation to the obligations of manufacturing companies (Original Equipment Manufacturers or OEMs) for the supply of wind farm and the related wind value chain components.

The aim is to support the EU's wind energy sector through the supply of wind farm and the related wind value chain components, such as turbines, grid connection's infrastructure, cables, transformer stations, sub-stations and possibly sub-contractors.

The Lending Envelope is a dedicated Guarantee Programme allowing banks to provide additional guarantees for supply contracts of wind energy equipment manufacturers in the EU, and is expected to mobilise about EUR 8 billion in investments in wind power-related equipment.

The sub-operations will be limited to manufacturing companies with production and/or assembly capacity in the EU for the supply of wind farm and related value chain components, such as grid connectors and transformers, to be used in wind energy projects in the EU.

Investment Description

- European Investment Bank (EIB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

- [Unicredit SpA](#) (Financial Intermediary)

Private Actors Description

As stated by Bloomberg, UniCredit S.p.A. attracts deposits and offers commercial banking services. The Bank offers consumer credit, mortgages, life insurance, business loan, investment banking, asset management, and other services. UniCredit operates worldwide.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
