Project Description

According to the Bank’s website, the operation aims to sustainably strengthen the climate and socio-economic resilience of the cities of Brazzaville and Pointe-Noire in the Republic of the Congo against flooding and erosion, within the framework of an integrated approach.

The objective is to develop river channels to facilitate rainwater drainage in certain districts of Brazzaville; to construct stormwater drainage infrastructure to improve sanitation in the capital’s city center and combat erosion around the city; and to carry out protection works in specific districts of Pointe-Noire. The project will significantly reduce flooding and water stagnation, which will have a positive impact on human and economic development. It will contribute substantially to improving the living conditions of the population and to climate change adaptation.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: http://www.eib.org/complaints/form via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces
