ROUJANEL SOLAR PV PROJECT (FRANCE)

Quick Facts

Countries	France
Specific Location	Prévenchères, in the Lozère department (Southern France)
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	B
Voting Date	2026-06-01
Borrower	BPCE SA
Sectors	Energy
Investment Type(s)	Loan
Investment Amount (USD)	\$ 108.21 million
Loan Amount (USD)	\$ 108.21 million
Project Cost (USD)	\$ 144.28 million

Project Description

As stated by the EIB, the Roujanel Solar Project is a 129.4 MWp ground-mounted photovoltaic plant located in Prevencheres, in the Lozere department (Southern France). The project, an allocation under several framework loans, is promoted by EDF Renouvelables and Orsana, who are co-sponsors on a 50/50 basis through the SPV Parc Solaire du Roujanel.

The project concerns the construction and operation of a 129.4 MWp ground-mounted solar photovoltaic plant in Prevencheres, Lozere, France. It will increase renewable electricity generation capacity in France and contribute to the decarbonisation of the power sector, in line with national and EU climate and energy objectives. The project will support the production of low-carbon electricity and contribute to security of energy supply.

Investment Description

- European Investment Bank (EIB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

Private Actors Description

As stated on the company's website, JC Mont-Fort is a family-owned renewable energy company with global reach, active across solar, wind, storage, and data projects from design to operation. Orsana is its fully-owned subsidiary.

As stated by Bloomberg, Electricite de France generates, supplies, and markets electricity and energy services. The Company produces electricity, supplies power and gas, provides energy services, and supports low-carbon energy projects. The company serves residential, business, industrial, local authority, and public customers in France and international markets.

BPCE provides cooperative banking and insurance services. The Company acts as the central institution for affiliated banking networks, supports capital adequacy, liquidity, risk management, strategic planning, and shared resources. The company serves customers, regulatory authorities, and group companies in France from its headquarters in Paris.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
