ISP PAN-EU POWER GRID PACKAGE

Quick Facts

Countries	Italy
Financial Institutions	European Investment Bank (EIB)
Status	Approved
Bank Risk Rating	U
Voting Date	2026-07-13
Borrower	Intesa Sanpaolo SpA
Sectors	Energy, Finance, Infrastructure
Investment Type(s)	Guarantee
Investment Amount (USD)	\$ 341.50 million
Project Cost (USD)	\$ 2,732.03 million

Project Description

According to the EIB, the project will be implemented as an unfunded partial delegation linked risk sharing (LRS) transaction with the financial intermediary, Intesa San Paolo (ISP).

The operation will support ISP in issuing guarantees (bonds) covering the obligations of manufacturing companies (Original Equipment Manufacturers) related to investments in the European power grid and associated components.

The aim is to support the expansion and enhancement of the EU power grid by increasing the capacity of the financial intermediary to provide advance payment and performance bonds in relation to the supply of power-grid components.

Investment Description

- European Investment Bank (EIB)

Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.

- [Intesa Sanpaolo S.p.A.](#) (Financial Intermediary)

Private Actors Description

As stated by Bloomberg, Intesa Sanpaolo S.p.A. attracts deposits and offers banking and financial services. The Bank offers consumer credit, asset management, internet banking, merchant banking, securities brokerage, factoring, and lease financing services, as well as manages mutual funds. Intesa Sanpaolo operates branches throughout Italy, and offices elsewhere in Europe, Asia, and the United States.

Contact Information

No project contacts provided at the time of disclosure.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
