ENGIE GREEN CAPEX PROGRAM II

Quick Facts

Countries	France
Financial Institutions	European Investment Bank (EIB)
Status	Proposed
Bank Risk Rating	U
Borrower	ENGIE SA
Sectors	Energy
Investment Type(s)	Loan
Investment Amount (USD)	\$ 870.73 million
Loan Amount (USD)	\$ 870.73 million
Project Cost (USD)	\$ 1,220.18 million

Project Description

According to the EIB, the project consists of the extension and rehabilitation of the district heating and cooling networks and new heating/cooling generation facilities in various cities in France, to be implemented between 2026 and 2029.

The project aims at securing the service life of high-quality district heating/cooling systems and at increasing the overall energy efficiency of the systems by expanding the service to new areas, densifying the grid through new connections and upgrading with new equipment and control systems.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

As stated by Bloomberg, Engie provides low-carbon energy and services. The Company specializes in renewable energies such as wind, solar, geothermal, biogas, biomass, green hydrogen, and hydropower, as well as offers heating and cooling networks, on-site utilities, and data centers. Engie serves customers worldwide.

ACCESS TO INFORMATION

You can submit an information request for project information at: <https://www.eib.org/en/infocentre/registers/request-form/request-form-default.htm>

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
