ENEL DISTRIBUTION RESILIENCE AND MODERNISATION

Quick Facts

Countries	Italy
Financial Institutions	European Investment Bank (EIB)
Status	Proposed
Bank Risk Rating	U
Borrower	E-DISTRIBUZIONE SPA
Sectors	Energy, Infrastructure
Investment Type(s)	Loan
Investment Amount (USD)	\$ 562.44 million
Loan Amount (USD)	\$ 562.44 million
Project Cost (USD)	\$ 787.42 million

Project Description

According to the EIB, the Project comprises an investment plan to modernise, expand and enhance the resilience of Italy's electricity distribution network to adverse climate events, improve the reliability and quality of electricity supply, and facilitate the integration of renewable energy sources and growing electrification demand. The investments are expected to be implemented over the period 2026-2027.

The Project is intended to strengthen the resilience of the distribution infrastructure to adverse climate events, while enhancing the reliability and stability of the network and contributing to security of electricity supply through improved continuity and robustness of service.

Investment Description

- European Investment Bank (EIB)

Private Actors Description

As stated by Bloomberg, e-distribuzione SpA distributes electricity and provides metering services. The Company connects and manages renewable energy producers, and oversees electricity metering and distribution. e-distribuzione SpA serves residential customers, businesses, energy producers, energy sales companies, and public administration throughout Italy.

e-distribuzione SpA is a subsidiary of Enel SpA which, according to Bloomberg, operates as a multinational power company and an integrated player in the global power, gas, and renewables markets. The Company produces energy and distributes electricity for business and household end users globally. Enel manages wind, solar, geothermal, and hydropower plants in Europe, the Americas, Africa, Asia, and Oceania.

ACCOUNTABILITY MECHANISM OF EIB

The EIB Complaints Mechanism is designed to facilitate and handle complaints against the EIB by individuals, organizations or corporations affected by EIB activities. When exercising the right to lodge a complaint against the EIB, any member of the public has access to a two-tier procedure, one internal - the Complaints Mechanism Office - and one external - the European Ombudsman. A complaint can be lodged via a written communication addressed to the Secretary General of the EIB, via email to the dedicated email address: complaints@eib.org, by completing the online complaint form available at the following address: <http://www.eib.org/complaints/form> via fax or delivered directly to the EIB Complaints Mechanism Division, any EIB local representation office or any EIB staff. For further details, check: http://www.eib.org/attachments/strategies/complaints_mechanism_policy_en.pdf

When dissatisfied with a complaint to the EIB Complaints Mechanism, citizens can then turn towards the European Ombudsman. A memorandum of Understanding has been signed between the EIB and the European Ombudsman establishes that citizens (even outside of the EU if the Ombudsman finds their complaint justified) can turn towards the Ombudsman on issues related to 'maladministration' by the EIB. Note that before going to the Ombudsman, an attempt must be made to resolve the case by contacting the EIB. In addition, the complaint must be made within two years of the date when the facts on which your complaint is based became known to you. You can write to the Ombudsman in any of the languages of the European Union. Additional details, including filing requirements and complaint forms, are available at: <http://www.ombudsman.europa.eu/atyourservice/interactiveguide.faces>
