## Project Description

FMO provided Sekerbank with a syndicated multi-currency facility with total commitments of around USD 115 million, partially in Turkish Lira. In this facility OPEC Fund for International Development (OFID) joined FMO as parallel lender, while the Korean Development Bank (KDB) and the ACTIAM FMO SME Finance Fund acted as participants. It is the first syndicated loan in Turkey providing a local bank with up to 5 years of commercial funding. The loan will support Sekerbank in providing its clients with green lines to lend into energy efficiency and renewable energy projects, and in supporting Turkish SMEs and businesses in cross border trade activities.
