Quick Facts

Financial Institutions	Netherlands Development Finance Company (FMO)
Bank Risk Rating	U
Borrower	Selected FI clients
Sectors	Industry and Trade
Investment Amount (USD)	$ 0.06 million

Project Description

The client for this project will be selected FMO Financial Institutions (FI) clients or prospects in emerging markets.

FMO's focus is mainly geared towards financial sector development, facilitating amongst others access to finance for the lower end of the market. The aim is to provide Capacity Development funding for participation of a number of FI clients in the International Development Ireland (IDI) banking training program for senior staff/management of FI's in developing countries.

ACCOUNTABILITY MECHANISM OF FMO

Communities who believe they will be negatively affected by a project funded by the Dutch Development Bank (FMO) may be able to file a complaint with the Independent Complaints Mechanism, which is the joint independent accountability mechanism of the Dutch Development Bank (FMO) and the German Investment Corporation (KfW) . A complaint can be filed in writing, by email, post, or online. The complaint can be filed in English or any other language of the complainant. The Independent Complaints Mechanism is comprised of a three-member Independent Expert Panel and it can provide either problem-solving, compliance review or both, in either order. Additional information about this accountability mechanism, including a guide and template for filing a complaint, can be found at: https://www.fmo.nl/independent-complaints-mechanism
