---

## Project Description

The client has already benefitted a lot from its engagement with FMO as it managed to grow significantly over the last two years -in particular in the SME segment. Our USD funding would offer great new business opportunities for HamkorBank and would implicitly contribute considerably to the country's SME sector development.

---

## Investment Description

- Netherlands Development Finance Company (FMO)

## Financial Intermediary

Financial Intermediary: A commercial bank or financial institution that receives funds from a development bank. A financial intermediary then lends these funds to their clients (private actors) in the form of loans, bonds, guarantees and equity shares. Financial intermediaries include insurance, pension and equity funds. The direct financial relationship is between the development bank and the financial intermediary.
