Project Description

According to the FMO website, FMO offers a USD 10 million, senior unsecured loan to Credo with a tenor of 5 years with 1 year grace. Due to pricing and structuring issues, it is not commercially viable to offer GEL-funding at this moment. However, Credo will have the option to swap the USD for GEL once. FMO contributes to improving access to finance for Georgian micro businesses and SMEs, especially in rural areas. FMO is able to provide Capacity Development support contributing to institution building from a MFI to a full-licensed bank and for extending financing to the SME-segment.
