## Project Description

As stated on the project disclosure page, FMO is providing financing to SANAD through an investment of USD 15 million in the senior tranche of the debt sub-fund, money that will be on-lent by local partners to MSMEs. The investment comes from the MASSIF Fund, which FMO manages on behalf of the Dutch Ministry of Foreign Affairs. Supporting SANAD is an important step for MASSIF to further support entrepreneurs and SMEs in this (conflict) affected part of the world.

## Private Actors Description

As stated by the FMO, "SANAD" means "support" in Arabic. The Debt Sub-Fund seeks to promote stability in a challenging region by expanding financial inclusion for MSMEs that often have difficulties finding access to capital for starting or growing a business. SANAD loans to local financial institutions are on-lent to support MSMEs in multiple sectors, and the fund is currently examining expansions in areas such as agribusiness, housing, and youth and gender initiatives.
